PROFESSIONAL SUMMARY

I'm a full stack typescript developer with hands on experience in development with React, Nextjs and NodeJS. I have a solid academic background in computer engineering. I enjoy solving problems, learning by doing, and working with others.

TECHNICAL SKILLS

- Programming Languages: JavaScript, TypeScript.
- Frontend: HTML, CSS, Tailwind CSS, SASS, React, NextJS, Astro.
- Backend: Supabase, NodeJS, Express.
- Databases: PostgreSQL.
- Tools: Git, VSCode.
- Other Skills: Network and Fiber Optics Engineering.

PROFESSIONAL EXPERIENCE

- **FRONT-END DEVELOPER (INTERN).**

JUNE 2024 – AUGUST 2024

D-TRACK SOLUTIONS.

Lagos, Nigeria.

Used React with TypeScript and worked in the front-end department to create reusable components to be used for client projects.

1. reusable components using TSX (React) and CSS.
2. Worked with colleagues and use Git to keep track of different versions of the collaborated project.

- **NETWORK AND FIBER OPTICS ENGINEER (INTERN).**

JUNE-2025 – JANUARY 2026

UNIVERSITY OF LAGOS (BIONOMICS).

Lagos, Nigeria.

Worked in the installation, configuration and maintenance of all the IP-based CCTV surveillance systems in the university campus.

1. Project Supervision: cable routing and management.
2. Fiber Optic skills: splicing, color code interpretation, power testing, termination, OTDR testing.
3. Networking skills: IP addressing, routing and switching, LAN/CAN setup, network device configuration.

- **FULL STACK WEB DEVELOPER (FREELANCE) .**

JANUARY-2025

CODNY GLOBAL RESOURCES LIMITED.

Remote.

Designed and developed a fully functional corporate full stack website for CGRL using TanStack Start React Framework and Sanity CMS, handling front-end, CMS integration, and deployment single handedly.

Website: www.codnyglobal.com

- **FULL STACK WEB DEVELOPER (FREELANCE) .**

MARCH-2025

CHRIST ANOINTING REVIVAL INTERDENOMINATIONAL MINISTRY.

Remote.

Designed and developed a fully functional corporate full stack website for CARM using NextJS Framework, handling front-end, backend, and deployment single handedly.

Website: www.carm.ng

EDUCATION

Adeleke University, Ede, Osun State

- B.Eng. in Computer Engineering
- 2022 – 2027 (Expected)

CERTIFICATIONS

- NIIT Certificate in Web Design & Information Security – Aug 2019.
- NIIT Certificate in 3D Graphics, Video, and Java Applets – July 2018.
